

CJTS NEWSLETTER - MARCH 2008

Spring is in the air and with that comes the potential for threatening weather in Mississippi. Some users have experienced this first hand with their computers. We want to remind you to check with your IT department for the policy regarding your Network and PC during bad weather incidents. Electrical storms and power surges can damage servers and workstations. **Be smart and work safe and always have an external CJTS backup.**

STATE ASSESSMENT AND FINE PROCEDURES

Many of the Municipal Court Clerks that use CJTS attended the Spring Seminar in Tunica on March 6-7, 2008. During this seminar Ron Robinson, CPA from the Office of the State Auditor reviewed the Report from the Auditor. During this presentation Mr. Robinson's in-depth discussion of court assessment procedures was accompanied with a handout from the State Auditor's office. If you did not receive a copy of this handout you can obtain one by contacting Mr. Robinson at (601) 576-2660. The legislature is still in session and a complete legal update should be available by May 8, 2008. Make a note of this important date to verify if there are any assessment changes to be made in CJTS.

The latest version of CJTS is now available to our users. This new version will now display the offense code and description on the Total Balance owed screen that is printed from the Docket, and there is MORE. Please contact Leslie or Carolyn to schedule your update. (601) 992-4121 ext. 206.

DID YOU KNOW ?

CJTS offers the following options for our users:

- e-Citation: Upload your traffic tickets online to the Highway Patrol.
- n-Court: Allows offenders to pay citations online.
- Mugshots: Allows multiple photos for suspects line-up or identification purposes.

Contact Leslie to find out more about these options - leslie@cjts.com
